# CACTUS VARIETIES

FOR  
BEAUTY  
GRACE  
AND  
USEFULNESS

Friends:—

Many thanks for your 1937 business. I know, that you have not much money to spend for your dahlias this season, however if you do consider buying some of your favorites or novelties, I hope, that you will remember "Frank" and the free flowering varieties he has for sale.

You will find my prices reasonable, for the stock, that I am offering you, is the kind, that will produce not only foliage, but also real blooms. I do not believe in having diseased or stunted plants in my garden, neither do I pass them on to you.

For the first time, I am listing well rooted base cuttings. Pot them in 3 or 4 inch pots, afterwards treating them as plants; you will find them satisfactory not only economically, but also in growing performance.

You may, and probably will forget the above statements, but remember this: — In my dealings with you, I will treat you, as I would like others to treat me.

Yours Sincerely,

Frank J. Parenica

---

## ORDER EARLY

ROOTS will be shipped after April 15th, unless otherwise specified, and all orders of \$2.00 or more will be sent prepaid.

CUTTINGS, if on hand, will be shipped upon the receipt of your order or as soon as they are well rooted. You will be notified of the approximate time of your shipment. Delivery by express, orders over \$5.00 prepaid. Prices: NET.

I GUARANTEE — That all my roots and cuttings are sent out in first class growing condition, that they are of healthy field grown stock, true to name and satisfactory to the customer.

TERMS — Cash with order, or before the date of shipment. If sold out of a variety, your money will be promptly refunded.

OHIO ORDERS — Add 3% to the amount of your order to comply with the Sales Tax Law.

---

## ABBREVIATIONS

VARIETIES: F.D.—Formal Decorative; I.D.—Informal Decorative; St.C.—Straight Cactus; I.C.—Incurved Cactus; S.C.—Semi-Cactus.

FLOWERS: S.—Small, less than 5 inches; M.—Medium, 5 to 8 inches; L.—Large, above 8 inches.

GRADE: G.—Garden variety; C.—Commercial variety; E.—Exhibition variety.

HEIGHT: Plants grown in a heavy clay and pinched at the end of July.

—d—, Dozen rate. Price of a dozen of one variety at the rate of ten, three at dozen rate..

## MY 1938 INTRODUCTIONS

### THE OHIOAN — 604

Beautiful Straight Cactus with a pleasing rose red color, shaded aster purple around the center. It is a good grower and bloomer with flowers facing side and carried on strong stems well out of the foliage.

Size of flowers up to  $7\frac{1}{2} \times 5\frac{1}{2}$  inches.

Very attractive dahlia for exhibition and cutting.

To exhibitors we recommend to cut the blooms three days before the shows, keeping them in basement till show-time.

| PLANTS .....   | \$1.50 |       |
| CUTTINGS ..... | \$1.00 |       |

### BALERINA — 601

Straight Cactus with an outstanding color among cactus varieties. General tone of the flowers is a light salmon orange with a touch of peach red and geranium pink. It has all good qualities of its parent, Miss Belgium, but grows taller and blooms may be cut with extra long stems. Flowers facing up or side, size 7½x4 inches. Recommended for cutting and exhibition.

Winner at Indianapolis and Akron, awarded Certificate at Storrs.

---

### HELEN — 603

Incurved Cactus, seedling of Miss Belgium with color slightly darker than the parent. Growing habit like Miss Belgium, coming into bloom early in August with flowers facing and carried on long and slender stems. Size 7x4 inches, 4f. G.E.

Roots \$3.00d — Plants \$1.50d — Cuttings \$1.00d

## MY 1937 INTRODUCTION

### MISS OHIO

This big winner with a beautiful shade of lilac rose color is the best stemmed, narrow petalled cactus in lavender class. The long florets are interlacing and are incurved, making up flowers that are deep and perfect. Grown normally, the blooms attain the size of 7x5 inches and are carried on long, medium size stems, well out of the foliage. The plants are vigorous growers with many branches coming from bottom, and are in bloom from mid-August till the end of season. Flowers have exceptionally good keeping qualities and may be cut with stems 3-4 feet long. Is is a wonderful dahlia for garden, cutting and exhibition, and the roots keep well. 4½ feet. G.C.E.

Roots \$5.00d — Cuttings \$1.25d

## NOVELTIES

|   | Cuttings |
|---|----------|
| Adolph Mayer, I.D. Dark chestnut red. L.E. ....   | \$1.50   |
